

## **WELCOME TO UNI PRINT – FOR ALL YOUR CUSTOMISED PRINTING AND FUNDRAISING NEEDS**

Uni Print has been a quality local service provider of commercial print since 1973. Started by Carol Gummer with a single press in a small shop in Hughesdale and a passion for hard work, the company has steadily grown and has moved three times to larger premises whilst maintaining a principled old fashioned business ethic and commitment to customer service.

In our 35 years of business we have developed a very loyal customer base. Simply by using a hands-on approach, we have helped many local businesses grow with their printing and associated needs. We maintain a flexible manufacture-to-order policy which gives us the ability to attention each job individually and avoid the pitfalls of the “one way is good for all” philosophy.

Uni Print has always been a committed supporter of the education sector from its inception with a number of long term clients in various academic fields.

During this time Uni Print has seen many dramatic changes in the communications and marketing industries. However our long serving management and staff have a wealth of experience and they are always willing to share their expertise.

With the advances in digital print, it is now possible for us to help you create visually stunning and stimulating fundraising mementos that can be specifically tailored to your organisation. Combined with an incentive scheme to benefit your school or organisation we are pleased to present our catalogue for your perusal and would be happy to discuss any ideas you may wish to develop.

Uni Print is also aware of the growing concern in regards to environmental issues and have a variety of options that can fit within your budget, for example the 100% recycled paper on which this catalogue has been printed.
